

Power Supply

(MODEL :- ATM MI 008)

Technical Specifications:-

- 30-0-30 V, 2 Amps DC Output : 2 , 0 - 30 V, 2 A continuously variable by means of coarse and fine controls.
- Current limit : 100 mA - 2 A continuously adjustable Resolution : Voltage : 100 mV Current : 10 mA Internal Resistance, Ripple & Noise Display : 3 digit for voltage & 3 digit for current LED indication for Voltage & Current.
