**AdvanceTech**
All The Technology You Need

Technical Specification

Real-Time Working Demo Model of IoT Agriculture kit

- Soil Moisture Sensor
- Soil Temperature Sensor
- Rain Drop Sensor
- Drip Irrigation Modules and pumps for Agriculture setup

Real Time Working Demo Model of IoT Environmental Weather Kit

- Co2 Gas Sensor
- Temperature Humidity Sensor
- Pressure Sensor
- Rain Drop Sensor
- WI-FI IoT Node, with ready to use Battery

Real-Time Working Demo Model of IoT for Lightning

- loT Wi-Fi Controller for Mobile App facility.
- Relay Board 4 channel with USB, WIFI facility.
- Wi-Fi Door Access Control.

Real-Time Working Demo Model of IoT Water Quality Monitoring Kit

- IoT Wi-Fi Node
- WATER PH SENSOR
- Do sensor with analog out
- Water tds sensor: -
- Input Voltage: 3.3 ~ 5.5 V
- Output Voltage: 0 -2.3 V
